

## Front-End Web Design

### Project 01 – Build a Web Site about a Country

Course Value: 20%

Due: End of day - October 19, 2020 (11:59pm)

#### Instructions:

- 1.) Select a country of the world
  - a. What is a country?
    - i. A real country...say Germany – Yes!
    - ii. A continent...say Africa – Yes...
    - iii. A fictional locale...say Mos Eisley or Vulcan...sure...that works too
    - iv. Basically, any geographic entity would do
    - v. Not sure? ...see your instructor and ask...
- 2.) Create a 3 or more-page web site about the country selected in step 1
- 3.) The web site must contain the following:
  - a. A main navigation bar on every page which allows a user to navigate to any page on your web site from any other page
  - b. An HTML table
  - c. At least two images
  - d. Custom CSS styles applied to every page of the website located on an external stylesheet
  - e. Custom non-web-safe font (ie: a Google font or other custom font)
  - f. A separate credits page which gives credit for your images used on the web site by providing links to the original web site of where each image was sourced
- 4.) The web site must be fully responsive and be useable between screen sizes of 320px wide to 1920px wide
- 5.) Use of “lorem ipsum” is permitted as placeholder text
- 6.) Validate your HTML and CSS using the validators located at the following addresses:
  - a. HTML Validator: <https://validator.w3.org/>
  - b. CSS Validator: <https://jigsaw.w3.org/css-validator/>
- 7.) Upload your web site to your portfolio server and send your instructor a link via email with the subject “HTML / CSS – Level 1 – Project 01 – Name”

**Marking Criteria:**

- |  |                 |
|--|-----------------|
| - All instructions followed            | 5 marks         |
| - Design and Usability of the web site | 10 marks        |
| - Quality of the code                  | 5 marks         |
| - <b>Total</b>                         | <b>20 marks</b> |

**Late Project Policy:**

- 5% per day up to a maximum of 30%
